Top Training Advice from Claire Lilley at Your Horse Live

Expert advice from training guru Claire Lilley will be available at this year's Your Horse Live.

Held on November 13 and 14 at Stoneleigh Park, Warwickshire, Your Horse Live promises to be an action packed two days of top class demonstrations and great shopping. Save 20% on gate prices by booking your tickets today!

Claire has been teaching riding for more than 30 years, offering classical tuition for both horse and rider from novice to advanced levels in dressage and jumping.

Said Claire: "I believe that training should be enjoyable for everyone wanting to achieve their goals and prefer a sympathetic approach to training both horse and rider.

"I very much value the importance of lunging and in-hand work in every horse's schooling and specialise in 'fine-tuning' the rider's seat to get the best from the horse."

Claire competes regularly on her own horses that she has backed and trained herself, from Novice to Grand Prix level.

The demonstrations at Your Horse Live will see Claire schooling horses over ground poles, showing how versatile ground poles can be in training for both dressage and jumping.

Advice on how to improve your horse's suppleness, rhythm and balance, and improving your own position in the saddle will all form part of the innovative and thought provoking demonstrations.

Claire will also look at how to improve certain dressage movements (including how to ride that perfect circle!), ride with more accuracy, and will explain how to progress to lateral movements.

The demonstrations will also provide advice on how to improve the way riders tackle a round of show jumps, with Claire working on the horse's accuracy and balance in between the fences.
